

NAVIGATING THE
BENEFIT MAZE

VINCENTIAN
SOCIAL
SERVICES
WORKSHOP

SATURDAY
JANUARY 10TH
8:30-11:30 AM

TAKING SERVICE TO THE NEXT LEVEL

In today's world Vincentians and the resources provided by our benefactors are being stretched to their limits. As we are called upon to do more with less, it seems to be the right time to discuss methods by which we can take service to the next level.

Many of the people we serve are eligible for a variety of benefits available through programs to which we all contribute via our tax dollars. However many eligible individuals and families are not accessing these benefits. Why? Sometimes they don't know about them and sometimes they just don't know how to work their way through a difficult and confusing system.

Voice of the Poor committee members focus much of their time and efforts advocating for programs such as Food Stamps, WIC, KidsCare, LIHEAP, and TANF.

Are you ready to take the next step in helping the poor and marginalized we all serve? Are you ready to help stretch your conference's resources by being certain those we serve are accessing all the benefits to which they are entitled? If your answer to these questions is yes, then ***"Navigating the Benefit Maze"*** is the workshop for you.

VOICE OF THE POOR INVITES YOU TO JOIN US FOR NAVIGATING THE BENEFIT MAZE
